Isaac

I've been advised that I am required to attend a team meeting here from 2/11-2/13

Would it possible to move our meeting date to 2/19? Same 10 am meeting time?

Apologies for the change (again)...!!!

If you are not available on the 19th, some of our staff will likely still be able to attend in my stead

Thanks
Keith

Mr. Dupuis,

Feb. 12 works for me.

Mr. Chen,

Hess Corporation would like to schedule a meeting with you in February to present our proposal for complying with the Cooling Water Intake requirements under NPDES Permit GMG 290000 as it will apply to the Hess Operated "A" Platform in Mississippi Canyon Block 724 (OCS-G 22897; "Tubular Bells" Project).

We would propose a meeting on February 11th or 12th at your office, starting at 10:00 a.m.

We have been discussing our plans with other operators, i.e. Anadarko to leverage their recent proposal for their "Lucius" Project, and our proposed compliance plans for our facility will be very similar to their plan.

Please advise which of the two dates will work best for you, or please propose a

date that will be acceptable.

Thank you very much, and please contact me via email or at the phone number below if you have any questions.

Keith
